ANGUS RANCH

225 Yearling Angus Bulls
250 Replacement Heifers
March 23, 2017 • 1:00 pm
At the Ranch • Sidney, MT

Welcome to the 2017 GDAR Bull Sale

All of us here at Gartner-Denowh would like to welcome you to our 2017 bull sale. We are very excited about the bulls in the sale this year, and we hope you will take the time to look at what we have to offer.

We would like to take this opportunity to thank all of our valued customers and friends who have supported us throughout the years. Without your continued support and faith in our program we wouldn't be in business today.

This year we are offering 250 replacement heifers along with the bulls. They are great set of heifers that will make really nice cows and we encourage you to take a look at them. The bulls look better than ever. We have some exciting new bloodlines to offer this year, and top to bottom this set of bulls is more uniform and stout than ever before.

The bulls have all passed a breeding soundness and fertility exam performed by Dr. Gary Schieber of Sidney, Montana prior to the sale. The bulls were fed a high roughage, moderate gain ration to ensure structural soundness and longevity. As in the past, we have tried to gather as much useful information as possible to help you in your bull buying decision. If you would like any additional data that isn't in the catalog please log onto our website or contact us and we will get it to you.

Please feel free to contact us at any time if you have any questions about the catalog, our cattle, or our program. The bulls and heifers can be inspected any time, just let us know and we will be happy to show you around.

Thank you for your interest in our program, we look forward to seeing you on sale day.

Don't forget our pre-sale supper at 6:00 on Wednesday evening.

Sincerely,

The Denowh's

250 Replacement Heifers

Straight Out of the GDAR Program

Producing better cows generation after generation has been the goal of the GDAR program for 60 years. GDAR cows are functional, fertile, easy fleshing, moderate framed, feminine, and possess the genetics to produce profit at every stage of the beef industry. This is the chance to put some of these females to work on your operation.

Over half of these heifers are out of GDAR AI sires with the remainder being out of GDAR bulls. All heifers were raised at GDAR, most on the commercial operation, with a few being out of registered cows. They have a similar genetic package to the bulls selling, and all of the maternal excellence GDAR is known for.

All heifers sell as commercials. They will be sorted and lotted by size and will sell in lot order in groups of 5 or more. Approximate weights will be available to estimate load sizes. They can be viewed any time, they are only a few minutes from the ranch, and will be on location for sale day. As an added bonus GDAR will offer 1 straw of semen for each heifer selling on either Justified or Reinvested.
